- Headed comprehensive pre job safety meetings to delegate tasks to appropriate parties and mitigate all job risks
- Coordinated with the drilling fluid's engineer to maintain the integrity of the drilling fluid weight & viscosity at all times
- Effectively operated various types of drilling equipment to maximize drilling efficiency for every client

Education

Full Stack Web Development Certificate: University of Texas - Austin, TX **2020**

Bachelor of General Studies in History: University of Kansas - Lawrence, KS

Volunteer Experience

Sorting Volunteer: Central Texas Food Bank **04/2020 - Present**

- I sort through donated foods and goods to create packages for those that are experiencing food insecurity in Central Texas.

Mentor Volunteer: Engage the Vision **03/2018 - 05/2019**

- I volunteered on available Friday afternoons during the school year at Martin Luther King Elementary in Los Angeles, California to act as a positive male role model and mentor for at-risk, underprivileged children.

Conservation Volunteer: African Impact **04/2016**

- I spent 3 weeks volunteering on a wildlife conservation project in Victoria Falls, Zimbabwe focused on big cats. I also spent time at the local orphanage providing any and all possible support to the severely impoverished orphans.

Eagle Scout: Troop 125 - Houston, Texas
